

We offer workshops mainly as a way of giving back, and we would like for everyone that would like to participate to be able to without financial stress or worry. Our primary goal as a business and small organization is to empower people to grow more of their own food and reconnect with nature.

We run our workshops at cost but we do have a limited amount of free passes, discounts, and other means of making our workshops accessible including work-trade and help with promotion of our workshops.

If you would like for us to consider a pass or discount, please answer the following 2 questions and email back responses to hello@bountifulbackyards.com

We will never disclose or use this information for any other purpose than for the workshop in question.

1. How will attending this workshop help you and/or your community?
2. What contribution of time or talent would you be willing to trade, if any, to BBY?
